R EMEMBER 000

The Prices of our Bulbs Include

PACKING AND CARTAGE and placing free on board cars or boat in New York. You have no duty, ocean freight from Europe, custom house nor brokerage expenses to pay.

THE NUMEROUS AND FAST TRAINS to all parts of the U.S. from New York, give us prenounced advantages for prompt and rapid shipping at low freight rates.

WE RESERVE THE RIGHT TO ADVANCE PRICES on any Bulbs, Roots, Plants or Seeds, before ac= ceptance of order, should crop prospects, injury in transit, or any unusual conditions preval to indicate a serious shortage.

TERMS.

To parties of approved credit, accounts are payable net on June 1st and December 1st for goods invoiced between these dates, or 3 per cent, can be deducted for payment within 30 days from date of invoice, or 5 per cent, for remittance with the order or before shipment.

We Deliver all Bulbs and Racts-properly packed and in good condition-into the hands of transportation companies. After that our responsibility ceases. Consignee then assumes all risks of heating, freezing, and delays.-P. H. & CO.

PETER HENDERSON & CO. give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

SPECIAL NOTICE ABOUT TIME OF SHIPMENTS.

When you order, please state if you wish your bulbs to be shipped as they are ready, or if we shall hold and make one or more shipments. In absence of contrary instructions, we forward the "Early Bulbs" as soon as they are ready—we term this our "August Shirment"—this would include Lium Hurr sii and Cand dum, Freesias, Roman and other French Hyacinths, Paper white and Double Roman Narcissus, Ornitho galum, forcing Anemones, All u is an l Callas.

Our "September Shi m ¬t«" includes the general line of Dutch bulbs, such as Hyacinths, Tulips, Narcissus, Crocus, L lum Longiflorum—if ready, etc.

Our "Nevember Shirments" includes Lily of the Valley, Spirea, Gladiolus, Tuberoses, Paconias, Amaryll s, the late Lilies, etc., etc.

BULBS..

For Autumn Planting.

Henderson's Superior

We are the Largest Importers, Dealers and Growers of Bulbs in America, and handling the unusually large quantities that we do, and being experienced forcers and growers ourselves, we are in consequence enabled to select superior stock at advantageous prices, allowing us to offer Superior Bulbs at reasonable rates.

HENDERSON'S

GIVE BEST SATISFACTION.

"The bulbs received from you last fall have given entire satisfaction, in fact are superior to any ever received by me from any other firm."

H. R. MILLER, Kansas City, Mo.

"The bulbs from you last season were very satisfactory. The Lilium Harrisii were especially good, averaging 5 to 10 flowers per stem—and the flowers were very fine." WM. S. WILSON, Concord, N. H.

"The Paper White Narcissus bought of you are superb." JOSEPH H. SPERRY, Clinton, Conn.

"The bulbs you sent me are very fine indeed. Most bulbs I have seen this year are very inferior." JAS. H. SMALL, Charleston, S. C.

"Your bulbs are the best we ever bought." H. M. ALLEN, Marguette, Mich.

HENDERSON'S SUPERIOR BULBS, SEEDS, PLANTS, ETC.,

Are Procurable

ONLY FROM US DIRECT.

WE DO NOT SUPPLY THEM THROUGH DEALERS.

By only supplying the Planter, the Florist and the Market Gardener direct, we remove the tendency to dangerously cheapen production, which successful competition for the dealer's trade continually demands.

THE BEST CANNOT BE THE CHEAPEST.

Florists who buy for their own planting want the best. By only supplying them direct—and not dividing profits with the dealer—we are able to supply, at reasonable prices:

"Henderson's Superior Bulbs and Seeds which Produce Superior Crops."

What Florists Think of Henderson's Superior Roman Hyacinths.

"I ordered Roman Hyacinths of you in the fall and must say I never saw finer bulbs. Some of them had as many as fifteen, and a fev had seventeen spikes of flowers." I. O. CRABB, Cedartown, Ga. "Your Roman Hyacinths turned out very satisfactory, as aiways. Send us prices for this season's bulbs and we will send you our order" GRALLERT & CO., Colma, Cal.

"The Roman Hyacinths you sent me last fall forced grand." C. N. JOHNSON, Louisville, Ky.

Dutch Roman" HYACINTHS.

These are small bulbs of the early varieties of Dutch Hyacinths. They furnish fair flower spikes, and are popular for succeeding French " Romans.'

Circumference of bulbs, 12 to 13 centimeters

NARCISSUS. PAPER WHITE, LARGE FLOWERED

Paper White Narcissus.

"Grandiflora " or Large Flowering.

This large flowering type is such an improvement over the ordinary "Paper White" that we have discontinued offering the latter. The "Large Flow-ering" is more vigorous and earlier, producing purest snow white flowers of large size and good substance in large trusses. It is perhaps more largely used for early forcing for cut flowers than any other kind of bulb, being brought in without difficulty by Christ-mas, and if required even much earlier. Price of extra sized bulbs, 25c. per doz.; \$1.25 per 100; \$10.00 per 1000.

PAPER WHITE GIANT MULTIFLORA.

Said to be the finest type of the Paper Whites; extra strong, growing largest flowers of superior sub-stance in immense clusters. Price, extra size bulbs, (13 to 15 cm.), 30c. per doz.; \$2.00 per 100; \$15.00 per 1000.

Freesia Refracta Alba.

(Ready for Delivery in August.)

Popular bulbs, flowering in the winter and spring. They force readily and can be had in bloom by Christmas if desired and a continuous display of bloom may be kept up through the winter by proper handling. The flowers are produced 6 to 8 on stems about 9 inches high, and are particularly useful for cutting, remaining in good condition if kept in water for two weeks.

Mammoth Bulbs, 3 in. up, \$1 per 100, \$9 per 1000. Selected Strong Bulbs, 1/2 in. up, 75c. 100, \$6 per 1000. First Size Bulbs, 3 in. up, 50c. 100, \$4 per 1000.

New Giant White Freesia 'SNOWSTORM."

A distinct and greatly improved type producing large sprays of purest snow white flowers of immense size and deliciously fragrant; it is very free blooming and of great value for forcing for cut flowers. The foliage is narrower and less coarse than that of ordi-nary strains. Price, \$1.75 per 100, \$15.00 per 1000.

Henderson's Superior MIXED Dutch Hyacinths

MIXED SINGLE DUTCH HYACINTHS.

COLORS SEPARATE.

Good sized flowering bulbs 15 centimetres (5[‡] in.) and upwards in circumference, much larger than the Mixed Hyacinth bulbs usually sent out. They are well adapted for open-ground planting, and on ac-count of their low price, are also extensively forced for winter-blooming and cutting.

"X X" or Exhibition Bulbs of Named Dutch Hyacinths.

We have a number of customers who are Hyacinth fanciers, and want the very largest and finest bulbs regardless of price, to enable them to produce superior flowers for exhibition. To meet this demand we have arranged with our Holland growers to pick out at a fancy price a limited quantity of the very biggest bulbs harvested of each of the named varieties we offer above. We call these our "XX" or exhibition bulbs, and we unreservedly recommend them to our customers as superlatively fine for growing in either pots or glasses, for winter flowering in the house. The flowers of Hyacinths in an incipient form are stored in the hearts of the bulbs before maturity, exactly as they afterwards develop. So that if you purchase younger, cheaper bulbs, containing in embryo only a few bells on a spike, no system of culture can make them produce more that season. Therefore, for the finest results the best, oldest and largest bulbs (within certain limits) should be chosen, for these usually contain the most perfect and greatest number of flowers.

In ordering this superlative grade of Hyacinth Bulbs, be sure to prefix the variety selected from above list with a "XX". Price 15c. each, \$1.50 doz.

Six bulbs of one variety sold at dozen rates; 25 at 100 rates; 250 at 1000 rates. Postage will be extra on bulbs wanted by mail.

BERMUDA EASTER LILY BULBS. (LILIUM HARRISII.)

Now Ready For Shipment.

	Doz.	100	1000
First Size Bulbs. (5 to 7 inches in circumference.)	\$0.50	\$4.00	\$35 00
Intermediate Size. 16 to 7 inches in circumference.)	0.75	5.00	45.00
Extra Size Bulbs. (7 to 9 inches in circumference.)	1.25	8.00	75.00
Monstrous Size Bulbs. (9 to 11 inches in circumference.)	2.50	18.00	170.00

The TRUE Bermuda Easter Lily is our Great Specialty. We were the pioneer introducers of it and have always been "Headquarters," supplying the trade generally, both in Europe and America

We wish to lay particular stress upon the size and quality of our Bulbs which are larger. health-ier and better than those usually sold - for the rea-son that no expense is spared in manuring and cul-tivating. Experience having shown us that bulbs so treated are incomparably superior to bulb grown on impoverished and unfertilized land year ofter year which constitutionally washene the after year, which constitutionally weakens the bulbs and they give results accordingly. This is the general practice-especially among those who endeavor to grow cheaply-to enable them to undersell.

The so-called Bermuda Lily disease is primarily the result of reduced vitality caused by insuffic-ient plant food in the soil. While there is no crop of bulbs on the island entirely free from the dis-ease, yet we have less of it in our fields than any other grower, as we have always realized the im-portance of proper fertilization.

WHAT FLORISTS THINK OF Henderson's Easter Lily Bulbs

"I do not hesitate to say that the lot of Harrisii I bought from you this season are the best I received for a number of years. They are the nicest looking plants that I have seen anywhere, and I am glad that it is so, as this was the first time I got my Harrisiis from you and which will assure you of getting further orders." CHRIS BESOLD, Florist. Mineola, Long Island.

"I have been growing your Harrisii bulbs for several vears. Last season I divided my order, placing one-half with you and the other half with another promi-nent seedsman. Yours were the true Bermuda Har-risii, while the others were badly mixed with a worth-less variety which grew to enormous height with a very small flower. Your half were all of an even size with dowers of excellent quality. I had the honor of hav-ing the finest lilies in Pittsburgh from your bulbs. There were but few of your plants diseased-probably so in the whole batch of 0,000 bulbs. You will have my full order next season." WM. F. LAUCH, Florist,

WM. F. LAUCH, Florist, Carrick, Pa

"I got 100 Harrisii Lily Bulbs from you last yea and 99 of them bloomed all right, they were a nice lot." WILLIS E. HAMILTON. Florist. Belfast, Maine.

"You may sook my order for 7 to 9 inch Lilium Harrisii for 1902. Those from you this year were fine." E. HAENTZE, Florist, Fond du Lac, Wis,

A,BLAT

LILIUM HARRISII.

LILIUM LONGIFLORUM

GIGANTEUM.

The Large Flowering Japan Grown Easter Lily.

This type flowers in Japan about a week later than L. Eximium, but the flowers are of larger size, perfect form and of superior substance; stems marked black.

L. Longiflorum tiganteum.	Doz.	100	1000
Intermediate size bulbs (6 to 8 inches in circumference.)	0 60	4 25	38.00
Extra Size Bulbs. (7 to 9 inches in circumference.)	0.85	6,50	58.00

EASTER LILY BULBS.

HENDERSON'S SUPERIOR **JAPAN** EASTER LILY BULBS. (LILIUM LONGIFLORUM.)

For shipment last of September or early in Oct.

For shipment last of September or early in Oct. The imported Japan grown builbs of Lilium Longiflorum as they arrived in this country up to two or three years ago—were usually a mixture of various types, including early flowering later flow-ering, tall, dwarf, narrow leaved. broad leaved, green stemmed. red stemmed, black stemmed, small flowered, large flowered, etc. Agreeable to our persistent solicitation, our growers com-menced to separate the desirable types, and dis-carded those unsuitable for Florists' use. So that this year we are able to offer only the best forcing strains of Japan grown longiflorum which our growers say will come 90% true though we cannot guarantee it. Of course, on account of the later ar-rival of the bulbs they cannot be forced into flower as carly as the Bermuda type Lilium Harrisii, but for late winter and spring flowering the Japan grown bulbs are very popular on account of the itae from the Japanese bulbs are superior in size and sub-stance to those of Lilium Harrisii, but we think the cool, slower forcing of the Japanese bulbs accounts cool, slower forcing of the Japanese bulbs accounts for this

In ordering, be careful to state which strain of Japan longiflorum is wanted. In absence of such information L, Longiflorum Eximium will be

LILIUM LONGIFLORUM EXIMIUM.

The True Japan Grown Easter Lily.

Flowers pure white, large, trumpet-shaped. Forces medium early.

L. Longiflorum var. Eximium.	Doz,	100	1000

LILIUM LONGIFLORUM

FOLIIS ALBO MARGINATIS.

Silver Leaved Japan Grown Easter Lily,

Flowers and growth similar to L Eximium but the foliage is beautifully edged with white making strikingly beautiful plants when well grown and in flower. fto 8 inch bulbs, 20c each, \$2.0 per doz. \$16.0 per 100.

HENDERSON'S GIANT

"Christmas Forcing" LILY OF THE VALLEY.

Spirea

or Astilbe.

LARGE IMPORTED CLUMPS SUITABLE FOR FORCING. (Expected for Shipment in November.)

Henderson's Giant Christmas Forcing LILY OF THE VALLEY.

The finest grade of Lily of the Valley in the world for early winter flower-ing. They will bear twelve to sixteen large bells on strong stalks, with foliage even when forced for extra early; they are equally superior for later or suc-cessional crops The pips average large, plump and regular, with extra long roots. Read what our customers think of them.

"The Christmas Valley I had from you were very fine-better than any I have handled in 18 years' experience, and I have kicked myself because I did not order more. Will want a large quantity next season: can't complete now-a-days unless you have something a little better than the other fellow-and the extra price received more than pays the difference in cost between No. I stock and ordinary, and there is a satisfaction outside of dollars and cents that goes a long way." S. A. E. LYMAN, Essex Greenhouses.

Coe Ridge, Ohio.

We see from the style of bloom that you have a fine strain of Lily of the Valley and you may book us for 30,000 bips for fall delivery." A. S. MA BEAN, Lakewood, N. J

PRICES OF LILY OF THE VALLEY PIPS.

Expected for Shipment Early in November. Benderson's Giant Christmas Forcing described above, \$2.00 per 1(0, \$15.00 per 1000, \$35.00 per case of 2,500 pips.

Henderson's Large Early Flowering Berlin extra size-3 years old-sand-grown pips for early forcing-can be flowered with foliage by the holidays if needed. \$1.75 per 100, \$12.00 per 1000, \$28.00 per case of 2,500 pips.

Henderson's Large Flowering Hamburg. The florist's standard sort for flowering after Jan. 1st-3 year old sand-grown pips \$1.50 per 100, \$10.00 per 1000, \$23.50 per case of 2,500 pips.

WHITE CALLAS, DRY ROOTS.

Expected for shipment in September. A limited supply of . Bermuda grown Callas expected in August.

The dry bulbs are superior for forcing purposes, as they come into bloom quickly and require less room-making less foliage. Dry bulbs planted in 4-inch pots will flower nearly twice as abundantly as plants in 6-inch pots that have been kept growing or only semi-dormant dormant.

MME. VAN DER CRUYSSEN.

SPECIAL IMPORT OFFER OF

The plant shown above measured 18 inches across.

COPERICHT IBOD BY PETERMENDERSON

ARAUCARIA EXCELSA. (Norfolk Island Pine.)

Deep green, feathery foliage arranged in whorls, rising one above the other at regular distances. It is easily grown and is highly ornamental. Price, 12 to 15 inches high, 3 tiers, \$1.00 each, \$9.00 per doz.

ASPARAGUS SPRENGERI.

The fronds are frequently four feet long, a rich shade of green, retaining their freshness for weeks after being cut. Price, 2-inch pots, 75c. per doz., \$5.00 per 100.

ASPARAGUS PLUMOSUS NANUS.

Bright green leaves, gracefully arched and as finely woven as silken mesh, retaining their freshness for weeks when cut. Price, 2-inch pots, 75c. per doz., \$5.00 per 100.

CARNATIONS.

(FIELD GROWN.)

Adonis. An extra fine scarlet. \$15.00 per 100. Enchantress. Beautiful light pink. \$12.00 per 100. Mrs. M. A. Patten. White, striped and penciled with bright

 Mrs. M. A. Patten. White, stilled and perioded with bright red. A grand sort. \$20.00 per 100.
 The Bride. Purest white, splendid stem and foliage, apparently immune against disease. The flowers run from 3 to 3½ inches across. \$20.00 per 100.

STANDARD CARNATIONS. (Field Grown.)

El Dorado. Rich yellow, striped and penciled bright red. Estelle. A very brilliant scarlet. Ethel Crocker. Deep, rich pink, large flowers. G. H. Crane. Rich scarlet, fine stem and flowers. Governor Roosevelt. Brilliant crimson, shaded maroon.

Gov. Wolcott. Pure white, a fine sort. Harry Fenn. Very rich crimson maroon. J. H. Manley. Intensely bright scarlet.

Melba. Pure, clear rose-pink, very pretty and fragrant. Mrs. Franz Joost. Color, a beautiful rich salmon pink. Mrs. Thomas W. Lawson. Purest rose-pink, brilliant under

artificial light. \$10.00 per 100. Norway. A grand white Carnation, very fine. Prosperity. The ground color is white, irregularly overlaid with rosy pink. \$10.00 per 100.

Queen Louise. Clear, snowy white, large flowers.

Price, \$8.00 per 100 (except where noted).

ZALEAS. (For Shipment about October 20th.)

We have made special arrangements with the largest grower of Azaleas in Belgium, and take pleas-ure in offering for delivery in the Fall of 1904, f.o.b. New York City, Indian Azaleas, double and single, all named varieties, leading market kinds, shapely plants, well headed, at the prices quoted below. This is a specially low import offer, both as to sizes and prices, and your early order is solicited. Azaleas are growing in favor yearly, as the great de-mand this season proves. It is to your interest to order now and take advantage of the low prices we

They are shapely specimens and will make splendid plants for winter and spring decoration. These plants will be carefully packed and can be safely sent by freight if shipped before Nov. 10th.

We offer the following varieties:

Mme. Van der Cruyssen, Niobe, Deutsche Perle, Mme. C. Van Langenhove, Vervaeneana, Empress of India, Helen Thielman, and Simon Mardner. A fair proportion of Vervaeneana and white sorts supplied with each order.

6 sold at dozen rates, 25 at 100 rates.

HARDY AZALEAS.

We offer a fine lot of hardy Ghent Azaleas, fine assorted colors, ready for early fall planting. Price, \$6.00 per doz.

THE NEW OSTRICH-PLUME FERN.

(Nephrolepis Piersonii.)

An entirely new form of the famous Boston Fern. The fronds grow in the most luxuriant manner, the pinnæ subdividing making miniature fronds, which are superimposed on the main fronds, looking as if two or even three were condensed in one. They are graceful beyond description, feathery, plumy; nothing describes them better than Ostrich Plumes, which they very much resemble. The young miniature fronds are constantly developing a rich lush green on the darker green ground of the main fronds, a charming contrast being thereby produced. Price, strong plants, from 2-inch pots, \$1.00 per doz., \$6.00 per 100; from 3-inch pots, \$1.50 per doz., \$10.00 per 100; 4-inch pots, \$3.00 per doz., \$20.00 per 100; 5-inch pots, 50c. each, \$4.50 per doz.; 6-inch pots, 75c. each, \$7.50 per doz.

ASSORTED FERNS.

A nice assortment for filling pans. Price, plants from 2-inch pots, \$3.00 per 100; from 3-inch pots, \$6.00 per 100.

"THE BOSTON" FERN.

(Nephrolepis Bostoniensis.)

In well-known specimens the fronds attain a length of 6 or 7 feet, like plumes arching over in every direction, in a most graceful manner. This beautiful fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in summer, and conservatory or window in winter. Price, plants from 7-inch pots, \$1.00 each; 6-inch pots, 60c. each; 5-inch pots, 40c. each; \$4.00 per doz.; 4-inch pots, 25c. each, \$2.50 per doz.; 3-inch pots, \$1.00 per doz., \$8.00 per 100.

NEW FERN.

(Nephrolepis, Anna Foster.)

A promising new variety, a "sport" from the Boston Fern and entirely distinct from it. The contour of the plant is more graceful and more compact, lighter and more of that airy grace which is so desirable in a fern. The tips of the pinnæ are crested, which is its distinguishing characteristic, so that it might be called "*The Crested Boston Fern.*" It grows freely, propagates readily and is a very valuable addition to the race.

Price, plants from 5-inch pots, \$4.00 per doz.; 4-inch pots, \$3.00 per doz., \$20.00 per 100; 3-inch pots, \$1.00 per doz., \$8.00 per 100; 2-inch pots, \$4.00 per 100.

14

PANDANUS UTILIS.

For majesty of form and gracefully arranged foliage, this is without a peer. As an orna-ment for the window, its glossy dark green serrated foliage renders it unusually attractive while as a vase plant or single specimen in greenhouse or conservatory it cannot be sur-passed. (*See cut.*) Price, 5-inch pots, \$5.00 · per doz., \$40.00 per 100; 4-inch pots, \$3.00 per doz., \$20.00 per 100.

PANDANUS VEITCHII.

This is a grand decorative plant. Vivid green, with creamy white variegation. Price, plants from 6-inch pots, \$1.50 each.

DRACAENA FRAGRANS.

Cone of the finest of our ornamental leaved plants. Deep green, broad, gracefully droop-ing leaves. Price, plants from 5-inch pots, \$4.00 per doz.; from 6-inch pots, \$6.00 per doz.

DRACAENA INDIVISA.

Of all the plants in use for centers of vases, baskets or for beds in the open ground, nothing is so valuable as this. From its graceful, drooping habit it is sometimes called the "Fountain Plant." Plants from 4-inch pots, \$2.00 per doz., \$15.00 per 100.

PHOENIX CANARIENSIS.

One of the hardiest of the Date Palms, with dark green feathery foliage, of strong growth, and is especially valuable for vases, tubs and outdoor decoration, as it stands sun and wind without the least dam-age, even in exposed situations. Price, fine plants from 8-inch pots, \$3.00 each; a smaller size, \$2.50 each.

CYCAS REVOLUTA. (Sago Palm.)

We offer a nice lot of Cycas in medium-sized plants, all in firstclass condition, grown from 5 to 7 pound stems. All of these sizes are in extra fine condition, and we are certain will give entire satisfaction. Fine plants \$1.00 to \$1.50 and \$2.00 each.

DRACAENA GODSEFFIANA.

A broad ovate leaved variety, dark green, spotted with yellow, the spots changing to creamy white. Very ornamental. Price, 3-inch pots, \$2.00 per doz., \$15.00 per 100.

DRACAENA SANDERIANA.

Specially adapted for centers of jardinieres, narrow foliage, varie-gated white and green. Plants from 3-inch pots, \$3.00 per doz.

SEAFORTHIA ELEGANS.

A tall, rapid growing, stately Palm, much in demand by retail buyers. Price, 3-inch pots, \$10.00 per 100.

LATANIA BORBONICA.

LATANIA BORBONICA.

This is the typical Palm, and is more largely used than any other. Its strong, healthy habit commends it to all, and gives it a fitness for window and room culture not possessed in the same degree perhaps by any other. (See cut.) Price, plants from 5-inch pots, \$4.00 per doz., \$30.00 per 100; 4-inch pots, \$2.50 per doz., \$20.00 per 100; 3-inch pots, \$8.00 per 100; 2-inch pots, \$4.00 per 100.

RUBBER PLANTS.

We have a splendid stock of this useful and ornamental plant, which will flourish under the most adverse conditions. (See cut.) Price, 15 to 18 inches high, \$5.00 per doz., \$40.00 per 100.

ARECA LUTESCENS.

This majestic Palm is without a peer for strength and elegance combined. Its dark glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. 4-inch pots, 3 plants in a pot, \$3.50 per doz., \$25.00 per 100.

KENTIA SANDERIANA.

A new species, slender, graceful habit, plants about 2 feet, \$1.50 each.

PHOENIX RUPICOLA.

The most graceful of the species and a valuable decorative variety. Price, plants from 4-inch pots, \$2.50 per doz., \$18.00 per 100.

KENTIA BELMOREANA.

This is sometimes called the "Curly Palm," and is recognized as among the best for all purposes. Our plants are of stout, stocky growth, and are sure to give satisfaction. Price, plants from 5-inch pots, 20 to 24 inches high, \$10.00 per doz., \$75.00 per 100; 4-inch pots, \$4.50 per doz., \$35.00 per 100; 3-inch pots, \$2.00 per doz., \$15.00 per 100; 2-inch pots, \$10.00 per 100.

KENTIA FOSTERIANA.

A taller growing variety than the above, with broader leaves, longer stems and more sweep to the foliage. It makes a large plant in a shorter period, and on that account, as also for its truly majestic appearance, it is greatly in demand. Price, plants from 6-inch pots, 30 to 36 inches high, \$1.25 each, \$12.00 per doz.; 5-inch pots, 24 inches high, \$6.00 per doz., \$45.00 per 100; 4-inch pots, \$4.00 per doz., \$30.00 per 100.

COCOS WEDDELIANA.

This beautiful palm is unquestionably the most elegant and glaceful in cultivation. It is admirably adapted for the centers of jardinieres and fern dishes, as it retains its freshness for a long time, while for dinner-table decoration it is unexcelled. 3-inch pots, \$2.00 per doz., \$15.00 per 100.

PLANTS FOR FLORISTS' STOCK.

The most of the stock offered below, except where specially noted, will be ready for delivery when the list is mailed, the balance about October 1st. We will forward by express at buyer's expense all plants in stock as soon as orders are received and balance when ready—unless otherwise instructed by purchaser.

HENDERSON'S MAMMOTH BUTTERFLY PANSY.

= HENDERSON'S = = MAMMOTH BUTTERFLY PANSIES.

These pansies we are very proud of. We have sold them for a number of years and receive hundreds of letters praising their superior beauty, size and other merits; they were awarded a medal at the Columbian Exposition, Chicago, where they competed with the best from all over the world. When our unequaled collections of all types of pansies are in bloom we go over them daily and any plant producing flowers of superlative merit is removed to our "Mammoth Butterfly" plot of pansies, where nothing but the largest, handsomest and most perfect are allowed to remain. Consequently the seed is saved from the greatest variety of types, including only the best of Giant Cassiers, Bugnots, Timardeau, 5-blotched Odier, Giant English, French and German hybrids, etc., for brilliant and attractive beds. (See cut.) Mixed Colors, pkt. 25c.; per 1000 seeds, 50c.; per co., \$5.00.

"I have grown large pansies before, but never saw the equal of the Giant Butterfly, the seed of which I got from you last fall. I have a large bed of them; the plants are 20 inches high, and the stems of the blossoms 9 inches long, while the blossoms themselves are simply monstrous, each one a broad expanse of beauty." THOMAS C. STARR, Newton, Mass.

Henderson's Best Pansies FOR FLORISTS.

= HENDERSON'S = = MAMMOTH PARISIAN PANSIES.

The Parisian Pansies are distinguished by their magnificent and varied colors and strong markings. There is usually a large "blotch" on each of the five petals, with a surrounding band of some strikingly contrasting color, over all of which is thrown a cobweb-like netting of yet another hue. The combinations prevailing are composed of shades of cinnamon, violet, canary and orange-yellow black, garnet, light blue, indigo, cream, etc. These pansies have been brought up to a high standard of excellence, the flowers being of fine substance, perfect shape and of mammoth size, measuring, when properly cultivated, four inches across. A large number of these pansies are also very fragrant. Mixed Colors. Pkt. 25c.; per 1000 seeds, 50c.; per oz., \$5.00.

- HENDERSON'S - - GIANT RUFFLED PANSIES.

A remarkable strain of Giant Pansies, the flowers of which are so large and full that the broad petals seem to be "gathered" to the stem, causing them to be undulated and fluted from centre to circumference, not unlike "frilled" velvet. The unusual substance of the flowers, aided by these corrugations, thus enables them to present bold, open and handsome faces, even during windy or dry summer weather, when other pansy flowers flop or wilt. The flowers are extraordinarily large and are borne on strong stems well above the foliage; they are nearly all five-blotched on the "odier" pattern, and contain rich combinations of coloring, including some new tints and blendings not met with in other pansies. The plants are vigorous and large, and flower abundantly. (See cut.) Mixed Colors. Pkt. 25c.; per 1000 seeds, 60c.; per oz., \$6.00.

"I tried your Butterfly and Ruffled Pansies last year side by side with other growers' seeds, and yours were the best though not the most expensive." REV. C. D. BALDWIN, Mallorytown Ont., Can.

= = HENDERSON'S = =

GIANT MOTTLED PANSIES.

A distinct new type of Pansies of greatest merit. The plants are of compact, bushy form with luxuriant foliage. They root unusually deep, and are not susceptible to drought and heat; the flower stems are particularly strong, holding the flowers upright. The great merits of these pansies, however, lie in the giant size and profusion of flowers—well grown they measure 3 to $3\frac{1}{2}$ in. across and of most gorgeous effects, blotched, spotted, marbled, veined, striped and blended, colors passing through reds, rose pink, white, purple, in beautiful and indescribable variegation. These pansies were awarded a prize at the Paris Exposition, 1900. Mixed Colors. Pkt. 25c.; per 1000 seeds, 50c.; per oz., \$5.00. PETER HENDERSON & CO., NEW YORK.-WHOLESALE CATALOGUE-VEGETABLE SEEDS. 25

100° THIS LIST CANCELS ALL PREVIOUS OFFERS

JULY, 1904.

We furnish Market Gardeners and Florists for their own planting, our retail packets of vegetable and flower seeds, at We furnish Market Gardeners and Florists for their own planting, but tetal packets of regenere that are even of restances do we 25 per cent. off retail prices (as quoted in our 1904 Manual of Everything for the Garden.) Under no circumstances do we supply our seeds to be sold again. PETER HENDERSON & CO., NEW YORK-WHOLESALE CATALOGUE-LAWN GRASS SEED. 29

JEKSUN" LA **GRA**S

AWARDED THE COLD MEDAL

Columbian

Exposition,

Chicago,

1893.

AWARDED THE COLD MEDAL Pan-Am. Exposition. Buffalo, 1901.

HENDERSON'' LAWN CRASS SEED

THIS FALL AND HAVE A PERFECT LAWN IN A FEW WEEKS' TIME.

THE ' HENDERSON'' LAWN GRASS SEED will form a close, thick turf in a few weeks' time, with THE ' HENDERSON'' LAWN GRASS SEED will form a close, thick turf in a few weeks' time, with no tendency to stool or grow in clumps. It roots deeply and withstands severe droughts without turning brown, maintaining its beautiful deep green color throughout the season. We have made the formation of permanent lawns a study for years, and the Finest Lawns in this country to-day were obtained by using the "Henderson" Lawn Grass Seed, which is composed of various grasses that grow and flourish during different months of the year, so that a rich, deep green, velvety lawn is constantly maintained, rivaling the famous la vns of Old England. THE "HENDERSON" LAWN GRASS SEED is. relatively speaking, the cheapest seed offered, because, while the lawn grass mixtures of other seedsmen will not average over 14 lbs, to the bushel, this weighs from 20 to 21 lbs, per measured bushel.

Full instructions of "HOW TO MAKE A LAWN" are given with every package.

THE QUANTITY REQUIRED. (We furnish it in large or small quantities to suit the pretentious lawn or the modest doc1 yard plot.) The quantity required for making new lawns is 5 bushels per acre, or for renovating old lawns, I to 2 bushels. For a plot 15x20, or 300 square feet, I quart is required for new, or I pint for renovating old lawns. Prices, 20c. per quart, \$1.25 per peck. \$4.50 per bushel of 20 lbs. (If by mail, add at the rate of 5c. ber qt. for postage.)

Henderson's TERRACE SOD" LAWN CRASS

A special mixture for terraces and embank-A special mixture for terraces and empany ments—grasses that produce strong, spreading roots, that withstand rains, drought and ex posure, thrive on shallow soils, and produce a rich green turf throughout the season. Price, 30c. per qt.; \$1.75 per pk.; \$6.00 per bush.

Henderson's WN UKASS For unsightly bare spots under the shade of

Price, 20c. per qt ; \$1.75 per pk.; \$6.00 per bush.

"SUNNYSOUTH" LAWN GRASS

Specially prepared for the South or for very dry sections, and contains the best grass sadapted for hot dry situations.

Price, 30c. per qt.; \$1.75 per pk.; \$6.00 per hush.

HENDERSONS RACE SOD MIXTUR The Superiority of

The "Henderson" Lawn Grass Seed

has drawn forth favorable comment from the Managers of the Pan-American Ex-position Grounds, as follows :

"It affords me great pleasure to inform you that your Lawn Grass Seed has come up splendidly. It is the best seed that I have ever seen and by far superior to any other that has been sown here." R. ULRICH, Sept. 1st. 1900. Sup't Landscape Dep't.

And later Mr. Ulrich informs us:

And later Mr. Offich informs us: "The lawns from your seed are the finest on our grounds: they are of that BEAUTI-FUL RICH GREEN color, so much darker and different from any of the others, some of which are of such a pale yellow green that 1 fear we shall have to show them up and re-sow with your seed."

Henderson's TOUCH TURF" CRASS SEED.

A special mixture of native and acclimated foreign fine leaved deep rooting grasses, forming a tough matted evergreen sward especially adapted for tennis, clicket and ball grounds, bowling greens, etc. Price 25c. per qt.; \$1.50 per pk.; \$5.50 per bush.

Henderson's

A mixture of grasses that will produce a sward equal to that of the "GOLF LINKS" of Scotland. While the outlaying portions of the "Links" can be seeded with less expensive grasses, the "putting greens" for about twenty yards around he 'holes' must be sown with the very finest asses the grasses

For Putting Greens we can supply a special kture of grasses. Price. 25c. per qt.; \$1.50 per pk.; mixture of grasses. P 50 per bushel of 25 lbs.

For the Outlying Grounds or Fair Creens we can supply a suitable mixture of grasses. Price, 18c. per 1b.; \$16.00 per 100 lbs.

Produces Wonderful Hay Crops and Luxuriant Pasture. Lasting for Twenty Years or More.

HIS famous mixture has seeded thousands of acres of meadow and pasture land

THIS famous mixture has seeded thousands of acres of meadow and pasture land for progressive farmers and stock raisers in various parts of the United States with most gratifying results. It is a well balanced combination of a number of native and acclimated foreign grasses and clovers, blended and improved upon during exhaustive trials under widely varied conditions, soils and localities for several years, until oractically perfect, our aim being to produce under the extremes of the American climate of heat, drought and cold, a PERMANENT. dense and deep rooting turf that would yield year after year the maximum quantity of hay, and afterwards to afford, if desired, a constant and abundant pasturage. That we have been successful is attested by the numerous letters of praise for this special grass mixture that we have received from the users, and the tributes to its merits published in many of the agricultural 'ournals. Full description and testimonials from users in our "FARMER'S MANUAL." mailed on application.

Full description and testimoniais from users in our FARMER'S monotonia mailed on application. The Seed Required.—The poorer the soil the larger the quantity of seed required. Taking one soil with another a fair average would be 3 *bushels to the acre*. The thicker the seeds are sown the sooner will a fine, close turf be obtained. FULL DIRECTIONS FOR SOWING ENCLOSED IN EVERY BAG

For	Hay and Permanent Pasture,	PRICES :
66	Hay only,	(Per bushel of 14 lbs.)
	Pasture only,	Per bushel, \$2.50
		20 bushels at 2.45

Crimson or Scarlet Clover.

(TRIFOLIUM INCARNATUM.)

The most valuable plant for restoring the fertility of wornout soils.

A LL lands from which crops have been harvested during the summer and fall should be sown with Scarlet Clover for plowing under the following spring. Plowing under a good crop of Scarlet Clover is equivalent to 20 trns of stable manure per acre. It is the cheapest source of nitrogen, and has revolutionized the methods of farming in many States, has restored to profitable cultivation thousands of acres of poor land. Its value as a winter soil mulch and for green manuring for orchards cannot be overestimated. If intended for feeding, it should always be cut while in the young stage, and never fed to stock after the crop has ceased flowering, as serious results are apt to follow the feeding of overripe Crimson Clover. The latitude of New York, time for sowing may extend from July 15th to September 15th, and further South up to Orchoer. The seed needs to be only ughtly covered, and a good plan is to sow on fresh plowing and cover with a light harrow. Sow 15 lbs, per acre.

Sand or Winter Vetch.

(VICIA VILLOSA.)

The earliest crop for cutting or plowing under in spring, being nearly a month earlier than Scarlet Clover, and a full crop can be taken off the land in time for planting spring crops.

It is perfectly hardy throughout the United States, remaining green all winter, and should be sown during August and September, mixed with Rye. Which serves as a support for the plants, or in spring with Oats or Barley. It succeeds and produces good crops on poor, sandy soils, though it is more vigorous on good land, and grows to a height of 4 to 5 feet. Being much hardier than Scarlet Clover, this is the forage plant to sow in the Northern States, where Scarlet Clover winter-kills, though it is equally valuable in the South. It is exceedingly nutritious, much more so than Clover, is eaten with a relish, and may be fed with safety to all kinds of stock. It will also prove valuable for a Hay crop in the South and dry Western regions, as it may be sown in the fall. Sow one bushel per acre, with one half bushel of Rye or Wheat. 10c. lb. \$5.50 bushel of 60 lbs., 100 lbs., \$9.50. If by mail, add 8c. per lb.

DWARF ESSEX RAPE.

Valuable for Feeding and Fattening Cattle, Sheep and Hogs.

Rape .s usually ready for pasturing sheep or cattle within six weeks from time of sowing, and on an av-erage one acre will carry twelve to fifteen sheep six weeks to two months. In Northern States sow from May to the end of August for fall pasturing, but as it thrives best in cool weather, it should not be sown in the Southern States until September or October for winter pasture. Sow 4 lbs per acre broadcast, 2 to 3 lbs. per acre in drills. 10c. lb., \$3.25 bushel of 50 lbs., 100 lbs., \$6.25 If by mail, add &c per lb.

It will grind apples, grapes, currents, ber-ries, in fact all kinds of fruit used for either ci-

The parings and juice fall clear of the working parts; good work; it can be used to pare only, without cor-ing and slicing, if desired. Price, \$1.25.

fruit used for either ci-der, vinegar or wine. The improved gearing is outside, and the greatly increased speed combined with ease of operation, enables one person to grind from 15 to 20 bushels of ap-ples per hour. The curb measures 12x12 inches and holds the pomace of about two bushels of apples. Price, \$11.25

Market Gardeners' and Florists' Hot Bed Sash.

We carry a large stock, so that we can fill almost any order on receipt. Unglazed.—3x6 feet, for 6x8 in. glass, of best cypress, 90c. each; \$10.00 per doz.; \$75.00 per 100. This is the regulation sash for hot beds and cold frames, and we sell thousands of them every year.

HENDERSON'S HOT BED AND COLD FRAME MATS. To Protect Plants from Frost in Winter and Spring.

To Protect Plants from Frost in Winter and Spring. "BURLAP" MATS. These are made of strong burlap, bagging warmly lined with waste wool and cotton which is quilted in to hold position. They are excellent substi-tutes for straw mats, being if anything, warmer than straw, more easily handled, less bulky, and they do not harbor mice or other vermin. We were afraid that they would hold moisture, and either rot or mildew, but our trial for two winters proves them to be far more durable than straw mats. Prices, Size A, 40x76 in., \$0.c. each; \$10.00 per doz.; Size B, 76x76 in., \$1.15 each; \$12.50 per doz.

"WATERPROOF DUCK " MATS.

These are filled with cotton and wool waste and quilted the same as the "Burlap" mats described above. The "waterproofed duck" cotton cloth on one side sheds water, and prevents them from getting "soaked through." Prices, {Size C, 40x76 in., \$1.40 each; \$14.50 per doz. Size D, 76x76 in., \$1.85 each; \$20.00 per doz. " Burlap

RVE STRAW MATS.

Being made in the best manner of long rye straw and best tarred cord, they are invaluable for throwing over cold frames, hot beds, etc., during the coldest weather; they roll up and can be stowed in small space. Prices, size 3x6 ft., 90c, each; \$10.50 per doz. Size 6x6 ft., \$1.60 each; \$18.00 per doz.

RUBBER PLANT SPRINKLERS.

An indispensable aritcle for sprinkling cut flowers, seedlings, clothes, etc. A pressure on the bulb ejects the water in a fine spray.

Postage 6 cts. each extra. Straight Neck, 6 oz. size, 60c.; 8 oz., 70c.; 10 oz., 80c.

Angle Neck, 6 oz. size, 65c.; 8 oz. 75c.; 10 oz., 85c.

RAPHIA.

The best and cheapest tying material for vegetables, plants, grafts, etc.

Price (in braided plaits about a lb. each). (Bale lots on appplicaTWEMLOW'S "OLD ENGLISH" GLAZING PUTTY.

For Glazing Greenhouses, Sashes, etc., new and old. It is Elastic, Adhesive and easily applied. It is not affected by dampness, heat or cold.

is a semi liquid putty that we find is a semi liquid putty that we find superior to any other of similar character for glazing greenhouse and hotbed sash. We use it with a Scollay's Rubber Putty Bubb, and if the putty is too thick at times we thin it with a little boiled linseed oil. When so thinned it can be brushed into any crack or leak, making a solid fill-ing. For bedding glass in, for filling cracks or seams in roof joints and frames it is splendid; being impervious to moisture, and when set on dry wood it does not when set on dry wood it does not heave and will not crack nor peel. 1 gallon glazes about 300 lineal

Twemlow's Old English Glazing Putty.

35

Price, 1 quart, 35c.; 1 gallon, 65c. gallon, \$1.25.

IMPROVED RUBBER PUTTY BULBS.

An excellent article for glazing. A pressure with the hand ejects the putty prepared as per directions accompanying each, and by running it along the sash bars the work is done quickly, and makes a durable, tight and neat joint. Does not daub the glass nor stick to the hand. **Price**, 95c. each; by mail, \$1.00 each.

"PERFECTION" GLAZING POINTS. The finest glazing points on the market; the glass cannot slip; they are quick and easily put in with special pincers; no "rights and lefts" to bother with. Price, per box of 1000, 60c.; or by mail, 75c. Pincers, price per pair, 45c.; or by mail,

500

DIAMOND GLASS CUTTER.

A diamond in one corner and a wheel in the other, thus giving a sure cut. Will never lose the point.

the point. Prices.—Cocca handle (the diamond is nearly twice the size of the one in the ebony handle), \$3.75; ebony handle, \$2.90.

CHEAP GLAZING TOOL.

For the price this is a very satisfactory little implement—cuts with a little steel

Price, 7c. each; 65c. per doz.; postage 2c. each extra.

WOODASON'S VAPORIZING BELLOWS.

This throws a spray as fine as mist, rendering the use of strong solutions perfectly safe on tender foliaged plants. (See cut.) Price, large size, \$1.80. Small size, \$1.40.

WOODASON'S DOUBLE CONE POWDER BELLOWS. This bellows is the best article ever invented for destroying insects in the conservatory, garden or field; under the leaves as well as on top; can be held in any direction without wasting powder and does not clog up. (See cut.) Price, \$2.75.

WOODASON'S SINGLE CONE POWDER BELLOWS. Price, large size, \$1.80. (See cut.) Small size, \$1.15. **GREENHOUSE FUMIGATORS** たい))

For Smoking Plants.

Eureka Fumigators.

For funigating greenhouses with dampened tobacco stems; made of galvanized sheet iron; a damper regulates the draft; no danger of fire; no ashes or litter. No. 1, 12 in. high, \$1.40; No. 2, 16 in. high, \$1.60; No. 3, 20 in. high, \$1.85; No. 4, 24 in. high, \$2.50.

Perfection Fumigators. Make Moist Smoke.

This fumigator will last for years; it has a water tank between the fire and the outside, prevent-ing burning out. The tank should be filled with tobacco water, from

be filled with tobacco water, from which a vapor arises and mixes stems, producing a dampened smoke more dense and less injurious to delicate foliage than from any other fumigator made. Outside fumigating can also be done with the Perfection; the cast-iron lid is made so a hose can be at-tached, and all the outlets for the smoke (except through the hose) can be closed off. No. 1 holds one peck of stems, \$2.70; No. 2 holds half bushel of stems, \$3.35; No. 3 holds \$ bushel of stems, \$4.00.

Perfection Fumigator.

Our Book Catalogue on application Gives a more Complete List of Books Agriculture, etc.

Although there are countless works of exhaustive precept on landscaping and gardening, there have been none issued so rich with illustrations of example of lawn and garden creations, so that some fruitful suggestions must be found adaptable to the environment of every home, whether pretentious or modest. The range of the book is indicated by the following:

Flower Gardens and Bedding.—Geometrical bedding and bedding designs—Formal gardens—Sunken and terrace gardens—Gay parterres—Walled gardens—French, Italian, English and Japanese gardens—American gardens (city, villa and surburban)—Topiary and old-fashioned gardens—Subtropical gardens—Aquatic gardens—Kosariums, ferneries, rock-ories—Herbaceous borders—Flower-fringed paths, etc.

Unique and Artistic Effects with Plants, Vines and Trees,—Verdure arches and fes-toons—Rose bowers and arches—Screens and fancy hedges—Old trees, etc., embowered with vines—Vine-clothed rocks and banks—Vine-covered arbors, piazzas, windows, columns,

arcades, peragolas, summer houses, etc.—Garden rests and retreats—Seats of stone rus-tic, etc., old-fashioned and modern—Floral clocks—The Maze—Veranda decoration and decorative plants in tubs, etc., and numerous garden adornments. Lawn Vlews,—Lawn garden—Park lawns—Shady nooks—Vista and landscape—Avenues, wakks and drives—Terraces, steps and balustrades -Vases and statuary—Sun dials—Foun-tains—Entrance gateways—Ornamental and flowering trees, shrubs and plants, specimens or grouped—Ponds, lakes, streams, cascades, bridges.

By PETER HENDERSON and WM. CROZIER. 400 Pages. Profusely Illustrated. Price, postpaid, \$2.00.

N acknowledged authority for Farmers. Gives all the Latest Methods of Growing Grass, Grain, Root Crops, Fruits, etc.; and all about Stock, Farm Machinery, etc., etc. It is written in a plain and easy-to-be-understood language. Everything pertaining to scien-tific or abstruse subjects has been ignored, the information given being the most direct to make

the work of the farm pay. This is perhaps the first book of the kind ever written by two men while actually engaged in the work which, to both, has been such a continued success—hence, their advice is practical and doubly valuable. CONTENTS

Training for the business of Farming-Agricultural College Education-Selection of Solis Farm Roads-Draining-Manures and the Modes of Application-Selection of Solis Green Manuring-Fertilizing by Feeding-Plowing, Harrowing, Cultivating and Rolling Land-Use of the Feet in Sowing and Planting-Rotation of Crops for Soliing and Fodder-Abortion in Cows-Grass and its Management-Varieties of Grasses-Mixed Grasses for Pasture and Hay-Cutting and Curing of Hay-Clover Hay-Ensilage Com-pared with Roots-Live Stock of the Farm-Cows for the Dairy-Feed and Care for Milk and
